More than 706,000 Rohingya refugees have arrived in Bangladesh since 25 August 2017 after fleeing violence in Rakhine state, Myanmar. There are now over 919,000 Rohingya living in makeshift settlements across the Cox’s Bazar district. MSF teams are running five inpatient facilities, four primary healthcare centres, nine health posts and one mobile clinic.

### MSF Activities

- **Round of vaccination:**
  - **First round:**
    - Diphtheria: 368
    - Measles: 368
    - Oral cholera: 368
  - **Second round:**
    - Diphtheria: 368
    - Measles: 368
    - Oral cholera: 368
  - **Third round:**
    - Diphtheria: 368
    - Measles: 368
    - Oral cholera: 368

- **Round of oral cholera vaccination:**
  - **First round:**
    - Oral cholera: 368
  - **Second round:**
    - Oral cholera: 368
  - **Third round:**
    - Oral cholera: 368

### Key Points

- **Six months after the crisis:**
  - 700,000 Rohingya refugees have arrived in Bangladesh.
  - Big focus on water and sanitation activities to prevent the spread of disease.

- **MSF begins setting up several diarrhoea treatment units in the makeshift settlements.**

- **Beginning of the monsoon season:**
  - June to September.
  - Heavy rains contribute to deterioration of the living conditions for refugees.
